MEBA	Nunawading Basketball Association domestic competition

Policy #2: Registration

Registration Process

- The WBA (and other associations) requires clubs to register teams toward the end of each season for the upcoming season.
 - In order for the Club to know how many teams to register, players / parents must submit a Player Registration form by the requested date, along with payment.
 - The Player Registration form includes space to request playing with 'friends' or to play up an age group or in a specific team e.g. U10 WHITE.
 - Player Registrations along with payment, received by the requested date will be used to form teams and will be given priority over late forms.
 - Player Registrations which are not received by the requested date may result in the player missing out on being selected in a team.
 - Late registrations are accepted providing there is space on a suitable team.
 - All payment should be completed via bank transfer or PayPal (surcharge applies).
 - If the season has commenced and a team actively acquires a player to fill a role due to another players' extended sickness or injury or to make the team more competitive, a discount on registration fees may be applied. Players recruited during:
 - Week 7 – 10: can receive a 25% discount on registration fees.
 - Week 11 onwards: can receive a 50% discount on registration fees.
- Note:** Discounts only apply where a team requires a player and actively recruits.
- Arrangements can be made where a family has difficulty making payments.
 - Players who voluntarily withdraw after making payment will incur a 20% administration fee.
