# Policy #3: Commitments: Club, Parent and Players

---

## *Player Commitment*

- Once a player registers for a season, he/she makes a commitment to be reliable and attend all training sessions and games for their team, unless for some unforeseen circumstance, such as sickness, injury or special family function. Choosing to play another sport where it is known that training or game times conflict with basketball commitments is not an acceptable reason for absence. Unreliable players may be penalised at the coach's discretion by reduced or no court time.
- A player should notify their Team Manager as soon as they become aware that they will be unavailable for a particular training session or a game.
- Players agree to abide by the appropriate direction of the Club appointed coach and team manager.
- Players agree to attend training and matches with a positive and attentive attitude.
- Players agree to abide by the WBA or appropriate association player code of behaviour.

## *Parent Commitments*

The Club is supported by volunteers and needs assistance from parents in a number of areas:

- Team Manager – one per team.
- Scoring – rostered by the team manager.
- Volunteering to help with fund raising activities.
- Getting players to games and training on time (players should be at games 15 minutes before the advertised start time).
- Abiding by the WBA or other association supporter code of behaviour.
- Submitting Player Registrations along with payment, when requested.

## *Team Manager Duties*

- Arrive 15 minutes prior to the commencement of the game.
- Select player's names on electronic scoreboard, located on each court's score bench. This can't be done until the preceding game has finished (this may also be done by the rostered scorer).

## Chadstone Frogs Basketball Club

- If a player is new and playing for the first time you will need to enter their details (first name, last name, date of birth, uniform number, etc) on the electronic scoreboard.
- The Club prepays for score sheets during the home and away games so there is no requirement to collect money each week.
- Each team must provide a scorer every week. Arrange for someone to score on behalf of the team. Some team managers have found that a good system is to develop a roster of parents for the season. Training can be provided to people on how to use the electronic scoreboard and also the operation of the game clock
- Sit on the bench, with the team, to help at time outs with drinks for players and any other matters that may occur during the game.
- Pass on any necessary information from the Club to the players and parents.
- Organise clash tops when required.

### *Club Commitments*

- Work to achieve the Club Vision.
- Process player registrations in a timely manner.
- Select teams according to the Club Vision, Policies and Processes.
- Enter teams into the WBA or look to other associations where it is not possible to enter a team into the WBA e.g. if the WBA is unable to accommodate additional teams, where players are unable to play on days offered by the WBA.
- Assist with the provision of coaches per team.
- Mentoring of coaches and team managers.
